(For where the address is being requested)

How is the driveway marked and description of other landmarks:

**\*\*\*Driveway must be marked off the main road and must be visible from the road even if building is already in progress, if there is a gate, then gate must be marked (i.e. wooded or metal stakes along with a plastic bag tied to it, last name painted on the stake or anything other than survey flags) The main road must be accessible to where the property is located. If farm land or vacant property general location for driveway must be marked but, when driveway is put in and has moved from where it was originally marked please, call the office to verify that the address does not change. If property not marked on day of call, please have then call back when property has been marked. \*\*\***
